

CORONAVIRUS-19 (COVID-19) FLASH

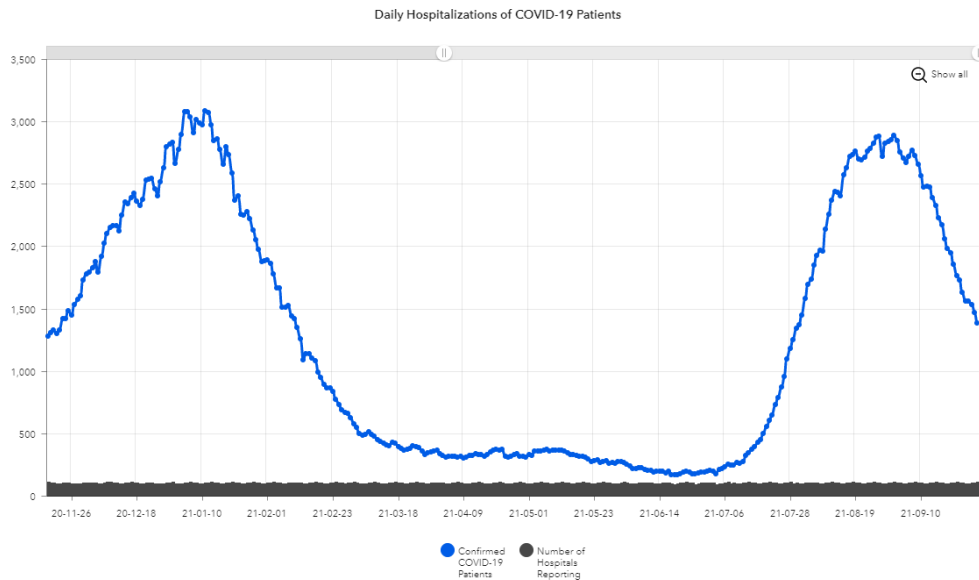

9.29.2021

Cullman County is in the High Risk category for overall level of community transmission.

Cullman Regional Current Situation

- 45 COVID positive patients, 6 of whom are on a ventilator
- Continue to be vigilant in mask wearing and social distancing. Everyone should continue to follow precautions to prevent the spread of infection – wash hands, socially distance, wear a mask when you cannot social distance.

Below is the [Alabama Department of Public Health \(ADPH\)](#) data on hospitalizations statewide.

COVID Vaccine Clinic Location

The Cullman Regional COVID vaccine clinic is located on the hospital's Mobile Unit in the parking area of Professional Office Building (POB) 3 on the east side of campus. This location is most easily accessed through the hospital's main entrance at the traffic light off Highway 157.

- Clinic hours are: Monday, Tuesday, Wednesday and Friday from 9 am to 1 pm. No Thursday appointments are available. When you arrive, please pull up to the mobile unit and a staff member will give you further instructions.
- Vaccines are administered by appointment only. To schedule a vaccine appointment visit cullmanvaccine.com.
- If no appointments are available, please check back the following day as we post additional appointment openings regularly.
- **Cullman Regional is now administering booster shots.** Find out if you are eligible for a booster shot by visiting the [CDC's website](https://www.cdc.gov). You can schedule your booster shot at cullmanvaccine.com.

Monoclonal Antibody Therapy Locations:

According to the [ADPH](#), if given early to higher risk people, monoclonal antibody treatment has shown to reduce the amount of coronavirus in your body lessening symptoms and the likelihood you would need to be hospitalized. If you test positive for COVID-19 or are a close contact to a positive case, call your healthcare provider immediately to ask about treatment. Treatment must be provided within 10 days of exposure, symptom onset, or within 10 days of date tested if positive and asymptomatic.

You can locate Monoclonal Antibody Therapy locations in Alabama by visiting the ADPH website [here](#).

Visiting Cullman Regional:

As a reminder, Cullman Regional upholds visitation restrictions in accordance with CDC guidelines.

These restrictions include:

- All visitors must check-in and complete a temperature check at the front desk
- Masks are required for employees and visitors regardless of vaccination status
- Only one visitor is allowed per adult (16 or older) patient in all hospital departments except the Emergency Department*. (Two visitors allowed per minor patient age 15 or younger)
- COVID-19 positive patients will not be allowed to have visitors
- All visitors must be over the age of 16

Please remember that visitor hours are from 8am – 8pm daily.

Visitors to the Cullman Regional Medical Group Clinics must wear a mask regardless of vaccination status and only 1 visitor is allowed per patient; or 2 visitors per minor under the age of 16.

***Emergency Department Restrictions**

- Due to the influx of COVID positive cases and out of an abundance of caution, no visitors are allowed in the Emergency Department. Limited exceptions will be made on a case by case basis. In those limited exceptions, we will only allow (1) visitor/caregiver who will not be allowed to rotate with any other visitor during the patient's stay in the Emergency Department to limit unnecessary exposures.

We appreciate your compliance with these regulations to keep our staff, patients and families safe.
